

Hatboro Police Department

Speed/Volume Study:

Location: 320 Tanner Ave (WB)

Speed Limit: 25 MPH

Date(s): June 16, 2026 – July 3, 2026

Method: Speedsentry Shield Radar Sign

Speed Display: On

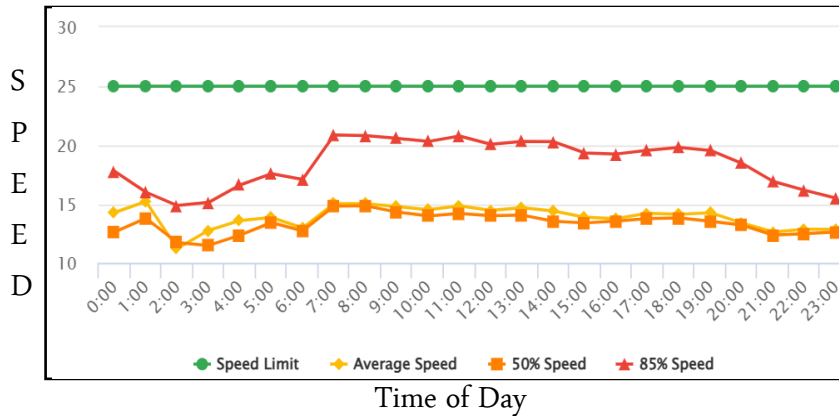

Data Summary:

Average Speed: 14.34 MPH

85th Percentile: 19.81 MPH

Average Daily Traffic Volume: 877 Vehicles

Total Volume: 14,925 Vehicles

Analysis: This traffic study indicates that motorists traveling westbound on Tanner Avenue are generally driving **well below the posted 25 MPH speed limit**. The average speed, median speed, and 85th percentile speed all demonstrate strong compliance, and there is no indication of a widespread speeding problem at this location during the study period. Traffic volumes follow expected daily patterns, with the highest activity occurring during afternoon hours
