

On August 20th, 2025, Your Affiant had the opportunity to meet with S.S. (Juv female) and her mother, who came in to report an incident that occurred at POPPYS PEANUTS, located in the Quakertown Farmer's Market. S.S. advised that she had seen a news article about an incident there, and wanted to report a similar situation.

S.S. advised that she worked at POPPYS PEANUTS from about January 2025 to May 2025, and GROSSMAN made vulgar sexual comments at her regularly, and would grab her regularly. When asked to elaborate, she advised that he would walk behind her, grab her hips, hard, and would touch the small of her back, shoulders and bra strap.

S.S. advised that she would deny his advances, but he persisted. She denied him ever making offers of exchanges for money or drugs, but admitted that he had provided her with marijuana on multiple occasions. She told a story of him lighting a smoking device in the business, after hours, where she took a hit and became lightheaded and felt dizzy. She believed the substance to be marijuana, based on the smell, but believed it to be more powerful than what she had been given before.

S.S. advised that she was terminated on May 16, 2025. On May 19, 2025, she advised that she was contacted by GROSSMAN on SnapChat, and a picture of him shirtless, with his tongue out was received.
